

# *International* WINEREPORT

MAY 2019

This Pinot Noir from Talisman is sourced from the **Huckleberry's Vineyard** in the Green Valley of the Russian River Valley. It possesses expressive aromatics that jump from the glass including wild cherries, red currants, strawberries, exotic spices, loam and fresh flowers. On the palate this displays beautifully pure fruit that is delivered through a medium-plus body. This is a precise and well-crafted Pinot that is sensational today, and will only become more compelling as it evolves over the next few years. (Drink 2019-2029)
