JUNE 2022

The Gus's Vineyard Pinot begins to impress with its wonderful aromatics of ripe raspberries, pomegranate and currants, which are accented by dried herbs, hibiscus, violets and sweet baking spices. This possesses a gorgeous medium-body that is beautifully structured and polished. It goes on to display outstanding concentration ending with a long, supple finish.

This is extremely attractive today, especially with a few hours of air contact, that being said, this should have no problem lasting a decade in the cellar. — *M. D'Angelo*
