

# Meet the Growers!

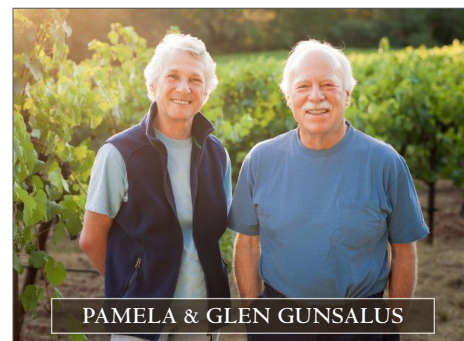

# TALISMAN

Our vineyard partners are selected very carefully. We prefer extreme character within an appellation; location, soil, aspect, elevation and personality. Philosophical alignment is paramount, as our growers must also be dedicated to creating top quality, unique, delicious, exquisite wines. Our objectives are to guide beautifully grown Pinot Noir grapes from these various single vineyards into the bottle; to express their individuality — we want all our wines to be different from each other; like children, with a thread of commonality but with very different personalities.

CHRIS THORPE

**ADASTRA VINEYARD**  
Los Carneros  
First Talisman Vintage: 2005
